## **112 Rejections Statement**

The applicant respectfully points out to the examiner that the present application, along with US 6,467, 690 and US 09/578, 664 (now US 7, 295,988), which are both incorporated into this application by reference, can be understood and built by a person skilled in the art.

## **102 and 103 Rejections Statement**

The applicant has modified the independent claims 58 and 68 in such a way as to change the preamble wording and structure, and make word changes to the elements of the claims so as to overcome the Examiner's 102 and 103 objections. Specifically the, applicant has added the phrase "that operate by means of an external power source" to both the preamble of independent claims 58 and 68. Also, the second and fifth elements of claim 58 have been modified to more clearly define and clarify the art herein. Also, the second and fourth elements of claim 68 have been modified to more clearly define and clarify the art herein.
